UNIVERSITY OF PADUA | MSCA-COFUND PhD PROGRAMME

Training the next-generation talents

Competition towards Global Challenges

Call for applications

15 October 2024 – 28 February 2025

Web page link - Moodle platform link

Competition Overview

The Competition towards Global Challenges will allow UNIPhD Fellows to work on an individual project proposal application on a topic of their choice. The application form will be a simplified version of the MSCA-Postdoctoral Fellowship template and focus mainly on Excellence, Impact and Quality and Efficiency of the Implementation of the research project (maximum 6 pages).

Before the opening of the Call for proposals, UNIPhD Fellows are offered both a training on funding opportunities for post-doc and career development, organised during the PhD Educational week in July 2024 and a workshop on proposal writing focused on the competition's template, organized in October 2024.

A Moodle page and a forum will be available for sharing materials and FAQs.

The proposals evaluation will be managed by the 25 directors of the PhD Courses involved in the UNIPhD programme, divided in 4 panels. The evaluation form will adopt MSCA-PF standards in order to ensure equity and uniformity of the criteria across panels.

The three highest proposals in the four panels' rankings will receive a prize within the Award Ceremony at the third Annual Network Meeting in June 2025.

How to apply

The Competition is open to UNIPhD Fellows only!

A mandatory application form will be available on the UNIPhD website and Moodle platform from **21 October 2024**.

Submission deadline

Project proposals must be submitted via e-mail to msca.cofund@unipd.it by 28 February 2025, at 1 p.m. (Italian Time Zone).
